

LESIA SEMENOVA

lsemenova@microsoft.com | <https://lesiasemenova.github.io/>

My **theoretical** work creates a foundation for the existence of accurate simpler, including interpretable, machine learning models. I introduced a new simplicity measure of a learning problem and proposed first methods to measure the Rashomon set (the set of equally well-performing models), which enabled the shift in the machine learning community towards model multiplicity and underspecification. My **applied** work with immunologists has led to understanding of how cannabis affects the immune system of people with HIV. Student teams that I've coached have won the ASA Data Challenge Expo (twice) and placed third in a competition on a scholarly document processing. My work has over 600 citations.

RESEARCH INTERESTS

Responsible and Trustworthy AI, Interpretability, Machine Learning, Human-Centered Design,
AI in Healthcare, Reinforcement Learning, Reasoning,

EMPLOYMENT HISTORY

Postdoctoral Researcher, Microsoft Research, NYC, USA July 2024 –Present
Machine Learning Team

Research Intern, Pinterest Labs, Palo Alto, CA, USA Summer 2020, Summer 2021
Applied Science Team

Software Engineer, Samsung R&D Institute, Kyiv, Ukraine 2012 –2014
Interaction Lab, Augmented Reality Team

EDUCATION

Duke University, Durham, NC, USA
Ph.D. in Computer Science 2016 – 2024
Advisors: Cynthia Rudin, Ronald Parr

Taras Shevchenko National University of Kyiv, Kyiv, Ukraine
MS in Applied Mathematics 2012 – 2014
BS in Applied Mathematics 2008 – 2012

INVITED TALKS		Joint Statistics Meetings (JSM)	2025
		18th International Joint Conference on Computational and Financial Econometrics (CFE) and Computational and Methodological Statistics (CMStatistics)	2024
		INFORMS Annual Meeting	2024
		Theory of Interpretable AI Seminar	2024
		The 25th International Symposium on Mathematical Programming	2024
		Johns Hopkins University, Applied Physics Lab, AI/ML seminar	2024
		Conference on Information Sciences and Systems (CISS)	2023
		JSM, Near-Optimization Topic-Contributed session	2021
		INFORMS Annual Meeting	2020
SELECTED AWARDS AND HONORS		Rising Stars in Computational and Data Science, University of Texas at Austin	2024
		SAMSI Fellowship	2018
		Duke CS Department Fellowship	2016 – 2018
		Scholarship of Mayor of Kyiv	2012 – 2014
		Scholarship of Academic Council of Taras Shevchenko National University	2011 – 2012
		Scholarship of President of Ukraine	2008 – 2009
CO-ADVISING AND MENTORING		Zach Boner, PhD Student, Duke University	
		Harry Chen, undergraduate, Duke University	
		Dennis Tang, undergraduate, Duke University (now research intern at UNC)	
		Flora Shi, undergraduate, Duke University (now PhD student at MIT)	
		Co-instructor for Duke Data Science teams that participated in various Data Science competitions (9 teams total, 29 Duke undergraduate students)	
TEACHING		Certificate in College Teaching, Duke Graduate School Formal pedagogical training in the college teaching.	

	Institute of Advanced Study, Teaching Assistant 2022 Program for women and mathematics: “The Mathematics of Machine Learning” Terng Lecture Course on Interpretable Machine Learning	May 2022
	Duke University, Teaching Assistant CS474, Data Science Competition CS571, Probabilistic Machine Learning — <i>TA Award Honorable Mention</i> CS101, Introduction to Computer Science	SP23, SP22, SP21 SP18 SP17
SERVICE	Organizer: Interpretable AI: Past, Present and Future Workshop @ NeurIPS 2024 Reviewer: NeurIPS: 2024 ICLR: 2025 AISTATS: 2025 Journals: JMLR, Patterns, ACM Journal on Responsible Computing Workshops: DeepMath (2022, 2023), International Workshop on Advances in Interpretable Machine Learning and Artificial Intelligence (2021, 2022, 2023)	
	Volunteer procurement manager at “Razom for Ukraine” nonprofit Co-lead the “Artificial Intelligence for Art and Fun” capstone event as a part of Duke’s FEMMES+ (Females and Allies Excelling More in Math, Engineering, and Science) outreach program to introduce young female students (4 th -6 th grade) to math, science, and engineering Student Assistant at NSF-sponsored Seamless/Seamful Human Technology Interaction (HTI) Workshop Co-organized the discussion series “Controversial Topics in Precision Medicine and Learning” as a collaboration between SAMSI and Duke Computer Science Graduate student committee member for the Faculty Search and Prospective Student Visit for the Department of Computer Science, Duke University Conference volunteer Alumni of ComSciCon Triangle (science communication workshop for graduate students) Volunteer tutor at Study Zone at King County Library System (provided homework help to K-12 students) Head of Scientific Association of Students and Postgraduates of Taras Shevchenko National University of Kyiv	2022-2023 2021 May 2021 2019 2016–2019 KDD 2017, ICML 2019 2018 2015 2012 – 2013
